

DRUG SPECIAL AUTHORIZATION REQUEST FORM, SPECIALTY CARE PROGRAM, AND ADHERENCE SUPPORT SERVICES INFORMATION

COMPLETING YOUR FORM...

To ensure prompt processing of your request, please complete the following Special Authorization Request Form in full. Note that there are sections that must be completed by you, the patient, and sections that must be completed by your prescriber. Once completed, submit the form to First Canadian Insurance Corporation via your method of choice:

By email: drugspecial.auth@fcbenefits.ca

By fax: 1-866-797-6483

By mail: First Canadian Insurance Corporation, Drug Special Authorization Team,
P.O BOX 1606, Windsor ON N9A 6W1

Note that submission of an incomplete form may result in delays.

Your request will be reviewed and evaluated by our Drug Special Authorization Department who will share the results with you. Should you have any questions, call First Canadian Insurance Corporation's Contact Centre at 1-866-328-9096.

OTHER DRUG COVERAGE...

If you are eligible for coverage by another plan (public or private), indicate that in Section 1B of the authorization form.

If you have provincial drug coverage, please ensure that your prescriber has applied for coverage under your primary provincial drug plan. The result of that application must be attached to the completed Special Authorization Request Form.

SPECIALTY CARE PROGRAM (not applicable in Quebec)

If your request for coverage is approved, you may be required to obtain your special authorization drug at a partnering pharmacy. If this applies to your benefits plan, a care coordinator working on behalf of First Canadian will contact you to help you find a convenient pharmacy near you. The care coordinator will also work with you and your physician to arrange to have your prescription sent to the pharmacy you select. Should you choose not to speak with the care coordinator, and you obtain your special authorization drug at a non-partner pharmacy, your claim may not be paid under your benefits plan.

ADHERENCE SUPPORT SERVICES

Some drug treatment plans are complicated, and patients can sometimes find it difficult to follow their prescriber's instructions when taking their medication. If your special authorization drug is approved, you may be eligible for adherence support services. A medication management specialist can work with you to ensure that you have the support necessary to take your medication as instructed and adhere to your drug treatment plan. This is a voluntary program, offering you coaching, resources, and ongoing monitoring by a registered nurse during your treatment.

SECTION 1C – CONSENT

I hereby authorize any licensed physician/dentist, medical practitioner, hospital, patient assistance program, clinic, or medically related facility to provide to First Canadian information regarding my health as it relates to this request. I hereby authorize First Canadian to obtain and exchange my personal information with other parties as required, including any health care provider, patient assistance program and/or Specialty Care Program vendor working with First Canadian for the purpose of administering this benefit, and to any prescribed entity as defined by the Personal Health Information Protection Act, 2004, for analysis or statistical purposes related to managing, evaluating, or planning for all or part of the health system, including resource allocation and the delivery of health services. I acknowledge that my personal information is needed to assess eligibility for this drug, to administer the group benefits plan, and where applicable, to the Specialty Care Program and patient support services on my behalf. I acknowledge that my personal information may be exchanged and transferred between these parties for these purposes and may include information about my drug claims, diagnosis, medical condition, treatment, and other health related information. I acknowledge that providing my consent will help First Canadian to assess my claim and that refusing to consent may result in delay or denial of my claim. This consent may be revoked by me at any time by sending written instructions to that effect at the address indicated below. I understand that personal information may be subject to disclosure to those authorized under applicable law within Canada only when the information is needed to administer this benefit and/or to confirm the accuracy of this information. I certify that the information given is true, correct, and complete to the best of my knowledge.

Signature of Patient	Date (YYYY/MM/DD)
-----------------------------	--------------------------

If under 16 years of age (14 years of age in Quebec), the signature of the parent / guardian is required.

PRESCRIPTION DRUG SPECIAL AUTHORIZATION REQUEST FORM SETMELANOTIDE (Imcivree)
