

DRUG SPECIAL AUTHORIZATION REQUEST FORM, SPECIALTY CARE PROGRAM, AND ADHERENCE SUPPORT SERVICES INFORMATION

COMPLETING YOUR FORM...

To ensure prompt processing of your request, please complete the following Special Authorization Request Form in full. Note that there are sections that must be completed by you, the patient, and sections that must be completed by your prescriber. Once completed, submit the form to First Canadian Insurance Corporation via your method of choice:

By email: drugspecial.auth@fcbenefits.ca

By fax: 1-866-797-6483

By mail: First Canadian Insurance Corporation, Drug Special Authorization Team,
P.O BOX 1606, Windsor ON N9A 6W1

Note that submission of an incomplete form may result in delays.

Your request will be reviewed and evaluated by our Drug Special Authorization Department who will share the results with you. Should you have any questions, call First Canadian Insurance Corporation's Contact Centre at 1-866-328-9096.

OTHER DRUG COVERAGE...

If you are eligible for coverage by another plan (public or private), indicate that in Section 1B of the authorization form.

If you have provincial drug coverage, please ensure that your prescriber has applied for coverage under your primary provincial drug plan. The result of that application must be attached to the completed Special Authorization Request Form.

SPECIALTY CARE PROGRAM (not applicable in Quebec)

If your request for coverage is approved, you may be required to obtain your special authorization drug at a partnering pharmacy. If this applies to your benefits plan, a care coordinator working on behalf of First Canadian will contact you to help you find a convenient pharmacy near you. The care coordinator will also work with you and your physician to arrange to have your prescription sent to the pharmacy you select. Should you choose not to speak with the care coordinator, and you obtain your special authorization drug at a non-partner pharmacy, your claim may not be paid under your benefits plan.

ADHERENCE SUPPORT SERVICES

Some drug treatment plans are complicated, and patients can sometimes find it difficult to follow their prescriber's instructions when taking their medication. If your special authorization drug is approved, you may be eligible for adherence support services. A medication management specialist can work with you to ensure that you have the support necessary to take your medication as instructed and adhere to your drug treatment plan. This is a voluntary program, offering you coaching, resources, and ongoing monitoring by a registered nurse during your treatment.
